

Get \$25,000 Off a StratasyS F370 3D Printer

With a Dimension, Fortus or MarkForged trade-in

Enjoy better, faster results by upgrading to the F370.

Save Now: Take up to \$25,000 off the price of a new StatasyS® F370™ 3D printer after a trade-in of a uPrint®¹, Dimension®, Fortus 250mc™/400mc™ or a qualified Markforged (X3, X5 or X7) printer.²

Save Later: F123™ Series material costs are about half the price of Dimension materials, which means you'll realize your ROI quicker. Also, reduce your print and post-processing time compared to Markforged.

Gain speed, size and material options:

- **Print Faster** — Stop making manual calibrations and material changeovers; the F370 automates these processes. Print iterations at twice the speed in Draft Mode.
- **Larger Build Size** — Print more/larger parts and assemblies in one print. The build volume of the F370 is up to 225% larger.
- **More Material Options** — Go beyond ABS with options to print PLA, ASA, TPU, PC-ABS and more.
- **StratasyS Quality Upgraded** — Providing the reliability and durability you trust with upgraded servo motors for higher quality parts. The F370 is USB and WiFi enabled, has reusable build trays and easy, customer replaceable print heads.
